PROFILE

I am a self-taught Python programmer, passionate musician (piano and guitar), and aspiring doctor. I thrive on learning and expanding my skills in programming, music, and beyond, always seeking new challenges and opportunities to grow.

EDUCATION

Primary Education

2018 - 2019

Morocho Negasha Primary School

Cumulative GPA: 97 / 100

Highschool Graduate

2020 - 2023

Hayole Education Project Fura Model Academy

Cumulative GPA: 95 / 100

PROJECTS

E-commerce Platform Development

JUNE 2029 - JAN 2030

As a mentor, I have been helping school students learn the basics of programming through a Telegram channel called **Python Pioneers**. The channel serves as a platform where I share beginner-friendly programming tutorials, coding challenges, and useful resources focused on Python. The goal is to introduce students to the fundamentals of coding, such as variables, loops, and functions, while fostering a supportive learning environment.

Technologies Used: Python, Telegram

ACHIEVEMENTS & HACKATHONS

5th Place in National Mathematics Competition: Awarded for ranking 5th in a nationwide mathematics competition organized by Mysoroban.

Top Scorer in Nationwide University Entrance Examination: Recognized by the regional state for achieving the top score in the national university entrance exam conducted by ESSLCE.
