PROFILE

I am a self-taught graphic designer, creative thinker, and aspiring medical professional. I thrive on blending art with purpose, constantly learning new design techniques and exploring fresh ideas. Passionate about visual storytelling, I enjoy turning concepts into eye-catching designs while always seeking challenges that help me grow and expand my skills.

EDUCATION

Highschool Graduate

2018 - 2019

Hayole Education Project Fura Model Academy

Cumulative GPA: 95 / 100

Medical Student

2024 - 2031

St. Paul's Hospital Millennium Medical College

Cumulative GPA: On-going

PROJECTS

Creative Design Projects - Thumbnails, Posters & Branding

I have worked on a wide range of graphic design projects, including YouTube thumbnails for multiple clients, eye-catching poster designs for different events, and unique brand identity designs. Each project reflects my focus on creativity, clarity, and storytelling through visuals. You can explore more of these works in my portfolio, showcasing my versatility across all areas of graphic design.

Technologies Used: Adobe Photoshop, Adobe Illustrator

ACHIEVEMENTS & HACKATHONS

Participated in a design competition prepared by Dagmawi Babi (developer) and won a prize for my creative redesign.

Top Scorer in Nationwide University Entrance Examination: Recognized by the regional state for achieving the top score in the national university entrance exam conducted by ESSLCE.
